CORE HEALTH is a non-cultural, non-religious expansion of your inborn core of pure health – what is Right with you. Core Health moves us beyond treating symptoms. You expand health by re-aligning internal “energy decisions.” Core Health removes energy distortions creating a free flow of positive energy from your Perfect Moment, your ever flowing core of health.

RESULTS

Applications of Core Health improved my professional and personal life, and my golf game! I trained as a Facilitator, and these abilities coordinated our staff of 35 individuals to be harmonized and financially productive. The health of our patients benefits dramatically. *Dr. Jeanne Bangtson, DC, Director, Millennium Medical, www.MillMD.com*

I soared out of depression! Core Health allowed me to see within myself a person of genuine innate value. Talk about an “Aha!” realization! This is one of the greatest opportunities I have ever received in my life. I became a Facilitator. Six years later, I continue to enjoy my BUSY Executive Director leadership role in a program for teen girls. *R.M., Pinellas Park, FL*

Concert Pianist: My participation was a revelation of Truth. I experienced the life energy “quality” of my music soar! Performance anxiety, nervousness, inhibition, and being self-conscious were replaced by openness, joy, confidence and self-healing. I understand again the Truth of who I am, how special my gifts are, and how much I have to give to people. *Judith Alstadter, PhD, Julliard graduate, Yale doctorate, www.JudithAlstadter.com*

Vicious Cancer Vanishes that cost amputation of my forearm and hand. When it spread, the Cancer Center wanted to cut off my entire shoulder to my neck! Seven weeks in another direction and I was clear of all cancer. Core Health and Heart Forgiveness were major aspects of my new health. *Scott Custer, www.CaringBridge.org/visit/scottcuster*

Professional Singer: I was amazed to discover I was singing from my head and not my heart after 15 years of my passion. A simple process put me back in charge of my singing energy, and in-powered me to sing truly from my heart. The resulting shift was so profound the first notes brought tears of joy to me, and to the eyes of all who witnessed my transformation. This power and joy continue after 5 years. *Jill Burns, jillburns222@hotmail.com*

Good Health Leaps Higher: In one week, my running leapt from 2 miles to 4.3 miles; the next week to 6.5 miles – with ease. At 65, running only 4 months each year, twice a week, running has become easier and easier. This RADICAL LEAP in health blew away any physiologic paradigm limits that may have been lingering. *Dr. Ed Carlson, www.CoreHealth.us*

Individual Shifts and Transformation GUARANTEED!

The night before cancer surgery, I participated in a single session – my experiences of the tumor and the impending surgery were transformed. I was calm to my very core. These wonderful effects continue . . . and I continued with Core Health! *Dr. Sandra Campbell, PhD, RN, Professor of Nursing, President of Winning Within, www.SandyCampbell.com*

Stuttering of 34 years was gone in 20 minutes after DTQ and Core Health. I was speaking fluently with no struggle, totally at ease. I called my dad on the way home and we talked for 45 minutes straight. I was completely fluent. Let me tell you, nothing has ever worked like this Core Health stuff. *Larry, Deputy Sheriff, Arizona*

My breast cancer was a paralyzing fear transformed into a soul healing journey through Core Health. Thanks to Core Health and my Facilitator I now feel worthy to be alive. I trust my inner voice. Fifty five years of feeling unworthy turned into self trust after a few months in Dr Carlson's Core Health program. After healing my emotional scars, I can now love and release my cancer cells.” *Dr. Rosalyn Randall, Veterinarian*
