

Heart Forgiveness®

Heart Forgiveness provides the key to the energy prisons you have made. You simply unlock the door to let your self out. How easy is that?

Heart Forgiveness is equally powerful for a current issue or one of 10 or 50 years in duration. The beauty is you don't have to say who or when or tell your "story." Four sessions build sequentially.

We assist your personal journey to include mastering Heart Forgiveness. We help you discover what enhances your life energy and eliminate what diminishes your life energy to give you more energy for powerful, creative daily living.

ANGER releases high-voltage toxic chemicals inside your body, damaging organs and your ability to think creatively. This contributes to a variety of dis-eases: heart attack, cancer, arthritis, ulcers, migraine, high blood pressure, et alia.

Heart Forgiveness DISSOLVES angers and resentment to create a "Relaxation Response." Changes are immediately experienced in your whole being, body, and energy. You learn to live this way continuously. Life becomes easier and more FUN.

Expand Your Mental, Physical, Emotional & Spiritual Health

There is a pure part in the Core of our Being, silent, omnipresent, omniscient, omnipotent, untouched by hands, unseen by eyes, unheard with ears. Water cannot dampen it, heat cannot scorch it, ice cannot freeze it. The passage of time cannot diminish it, nor does it age. Referred to by ancient spiritual texts as the Self, the Spirit, all-encompassing Love, the Christ within; It has been covered over by layers of confusion, junk and debris in the form of limiting, fear-based beliefs and desires, resulting in dis-ease; mental, emotional, physical and spiritual. The EXPERIENCE of this Core Self is peace that passes understanding, which positively impacts one's mental, emotional and physical HEALTH.

HEART FORGIVENESS - frees YOU emotionally, mentally, physically and spiritually to completely clear your energy system and reactivate your pure core of health. See <http://johanmiller.corehealth.us> for free introduction times near you.
